Subject Walk Stock and SF Ventures--additional information

Yesterday we discussed the status of these CAFOs. You had a few questions I needed to look in to. Here is some additional information on that.

Walk Stock Farms has 2830 head at the moment, based on a 11/17/11 inspection we conducted. It is operating at top capacity. Exemption 5 and Exemptions 7(A) and 7(E)

More on that when he returns and I can get that information.

SF Ventures has been issued a permit—ILA010020—and as usual the NMP and application are on our web page, at <http://www.epa.state.il.us/water/permits/cafo/facilities/view/102> Exemption 5 and Exemptions 7(A) and 7(E)

Exemption 5 and Exemptions 7(A) and 7(E)

Let me know if you have any other questions on this.

This Email message contained an attachment named image001.jpg which may be a computer program. This attached computer program could contain a computer virus which could cause harm to EPA's computers, network, and data. The attachment has been deleted.

This was done to limit the distribution of computer viruses introduced into the EPA network. EPA is deleting all computer program attachments sent from the Internet into the agency via Email.

If the message sender is known and the attachment was legitimate, you

should contact the sender and request that they rename the file name extension and resend the Email with the renamed attachment. After receiving the revised Email, containing the renamed attachment, you can rename the file extension to its correct name.

For further information, please contact the EPA Call Center at (866) 411-4EPA (4372). The TDD number is (866) 489-4900.
